

BROADCASTERS COMMUNITY TELEVISION LIVE VIDEO CALLS DOCUMENTATION:

This BCTV live video call feature shall be a part of the “Livestream Manager” menu, wherein registered users are able to relate in real time with the livestreaming broadcaster.

*Frontend feature and only account owner sees: (ACTIVATE LIVE AUDIENCE PARTICIPATION CHATROOM), and this button once activated allows the listening audience to click a button to join and interact live with host of the live broadcast.

*Frontend feature and only registered user sees: (JOIN LIVESTREAM STUDIO CHATROOM), and this allows just one listening audience at a time to speak. However, there can be up to five callers/participants on the waiting room and in queue, but only one speaks at a time.

*Frontend feature and only account owner sees: (ACCEPT NEW LIVE STUDIO INTERACTION), and this button when activated allows the host to take incoming calls.

*Frontend feature and only account owner sees: (END LIVE STUDIO INTERACTION), and this feature allows the host to terminate the call in progress.

*Frontend feature and only account owner sees: (DEACTIVATE LIVE AUDIENCE PARTICIPATION CHATROOM), and this feature completely closes the opportunity for live studio interactions.
